

ACASA

BY SAMAVA

A home in Goa.

An experience like no other.

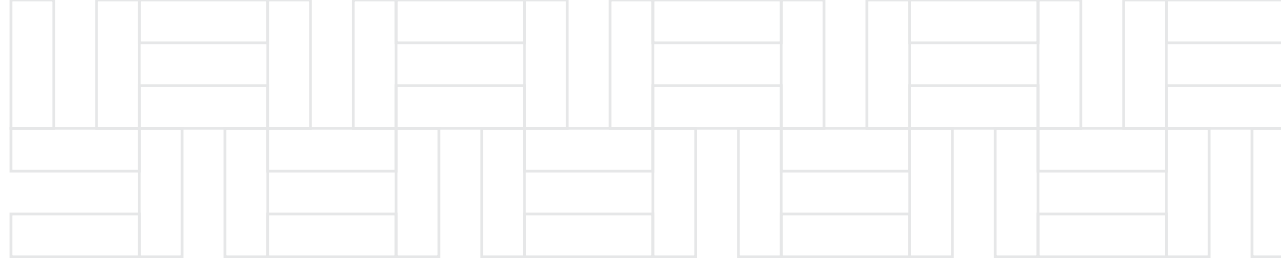

Goa as a destination offers you a truly unparalleled lifestyle.

A favourite amongst travellers and investors from across the world—is a state which offers the perfect blend of nature and modernity. The coastal state offers breathtaking scenery, pristine beaches, and lush greenery.

A home in Goa is the most lucrative investment option.

Real estate is said to be the best investment and we set out to be a property buyer's guide in goa. It is a tropical paradise of endless charm and beauty that makes it an ultimate choice for investment.

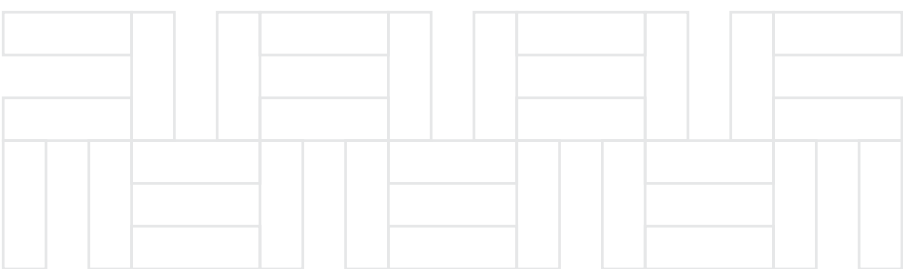

ACASA: an epitome of elegance

Nestled in Corgao - a picturesque village amidst the lush greens of North Goa, envired by magnificent rivers and dense foliage. ACASA features alluring aesthetic elements. The aesthetics of Balinese architecture inspired us to bring the same tranquil spaces to Goa. Refined contemporary design meets Balinese architecture, complimenting the elegant interior and exterior spaces that inspire awe.

Discover Balinese Living in the quietude of Goa

The design philosophy of Balinese architecture reflects upon the architectural style and canvassing the interiors of ACASA Villas. Balinese architecture features use of traditional or local elements such as natural wood, bamboo, thatch roofing, bricks and stone. Spacious indoor living spaces graciously flow into the outdoor seating in the garden and poolside meditation pavilion, giving an extended view of the villas. Every compound has a distinctive Balinese style entrance gate made with natural stone.
