collection of Forest Estates

THE RETREAT
FARMS

Your Sanctuary at the Forest Edge

NATURE HAS SPENT EONS CRAFTING THIS
MAGNIFICENT FOREST. NOW, YOU HAVE THE
RARE OPPORTUNITY TO MAKE IT YOUR
PERSONAL SANCTUARY.

Imagine waking to the chorus of dawn birdsong,
as sun rays touch the dewdrops on the leaves.

Picture yourself sipping a warm cup of organic
tea as the forest awakens with hues of gold and
orange.

At Blossom Creek, this dream becomes a
tangible reality. Claim your place where your
backyard is a protected reserve, a privilege that
may never be available again

A Legacy at the Edge of Forest

More Than Just a 'Green View'

It's a commitment to a lasting legacy where, unlike others whose views are vulnerable to development, your view at Blossom Creek is eternally protected by law.

The Kodihalli Forest Reserve isn't just a backdrop; it's your permanent neighbor, guaranteeing pure, unpolluted air, mornings filled with tranquility, and a constant escape from the city's bustle, just 70km away.

Invest in Growth, Rooted in Nature

Remember ... When Whitefield Was “Too Far” ?

History repeats itself. Early investors who bought land in now-thriving areas like Whitefield, Electronic City, and Sarjapur had a simple secret: They didn't just buy land; they bought into the next growth corridor before others saw it coming.

Today, South Bangalore, especially the Kanakapura region, is poised for exponential growth, attracting industries, infrastructure, and government focus. Blossom Creek places you right at the heart of this boom.

Curated Homes, Designed for You

**When International
Design Meets
Forest Edge Living.**

Forget generic designs and endless architectural revisions. Blossom Creek offers seven breathtaking home concepts by renowned international architect, Jasper Tran from Florida, USA.

Each design is thoughtfully crafted to harmonize seamlessly with the forest setting, offering customizable elements that make your home uniquely yours

Effortless Living, Bountiful Harvests

Let the Experts Handle Everything.

Bid farewell to the hassles of farm maintenance. At Blossom Creek, a dedicated team of agricultural experts manages your farm, employing sustainable practices, including precision irrigation and crop rotation, to guarantee consistent yields.

Enjoy fresh, sun-ripened produce delivered to your doorstep, unwind in your designer home, and breathe in the rejuvenating forest air while your investment grows effortlessly

Maximize Your Return, Naturally

An Investment That Pays for Itself.

Your earning potential at Blossom Creek is limitless! Turn your farmhouse into a sought-after vacation rental on platforms like Airbnb or leverage the fertile land to cultivate highly profitable crops. Either way, your investment works for you, generating consistent returns.

A Rare Opportunity. Secure Your Forest Estate
